

Summer Holiday Homework

Dear Parent

We should always remind ourselves that "**Children will not remember us for the gifts we shower upon them but will always cherish the time you spend with your little ones.**"

Summer vacations are an ideal opportunity for you to spend some time with your child and help to develop his/her motor skills and concentration. Keeping this in mind, our teachers have designed fun worksheets for our little kids to revise learnt concepts as well as to engage themselves in meaningful pursuits that will enhance their comprehension and reasoning skills.

Having this mind set we have designed a bunch of productive and fun – filled activities in the holiday homework. It is essential to channelize their energy with positive approach and in the right direction.
