

Summer Holiday Homework

Dear Parent

We should always remind ourselves that **"Children will not remember us for the gifts we shower upon them but will always cherish the time you spend with your little ones."**

Summer vacations are an ideal opportunity for you to spend some time with your child and help to develop his/her motor skills and concentration. Keeping this in mind, our teachers have designed fun worksheets for our little kids to revise learnt concepts as well as to engage themselves in meaningful pursuits that will enhance their comprehension and reasoning skills.

Having this mind set we have designed a bunch of productive and fun – filled activities in the holiday homework. It is essential to channelize their energy with positive approach and in the right direction.

This will foster curiosity, develop creativity, enhance knowledge and instill the joy of learning among them.

2. The school will reopen on **2nd July (Wednesday).**

5. For any guidance / assistance you may contact the class teacher.

Enhance Oratory Skills

Communication skills play a pivotal role in grooming the overall personality of children. Let's motivate them to converse in English and to help him / her get acquainted with the language.

Let's encourage the kids to use magic words (sorry, thank you, excuse me, please) in different situations on a regular basis. Remember, the more you use these words so will your children.

Use these sentences regularly:

- How are you? I'm good, Thank you.
- I am thirsty. Please give me water.
- Please, open/close my tiffin/bottle.
- I am hungry. Please give me food.
- I have finished my work/food.
- May I wash my hands?
